# Closet Assembly

For this step you will need:

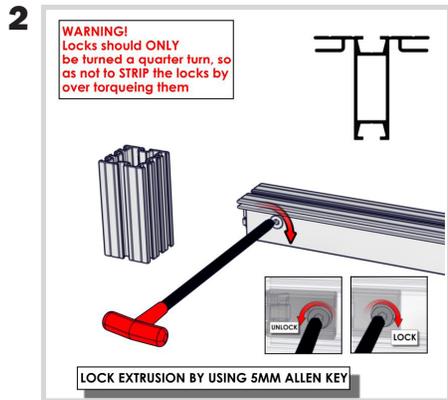

Slide FC Channels into the outside channels of the PM2S2 facing the door frame.

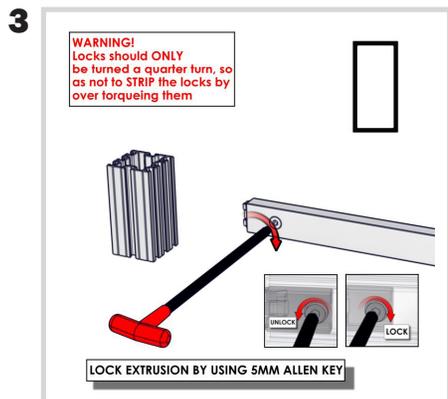

# Closet Assembly

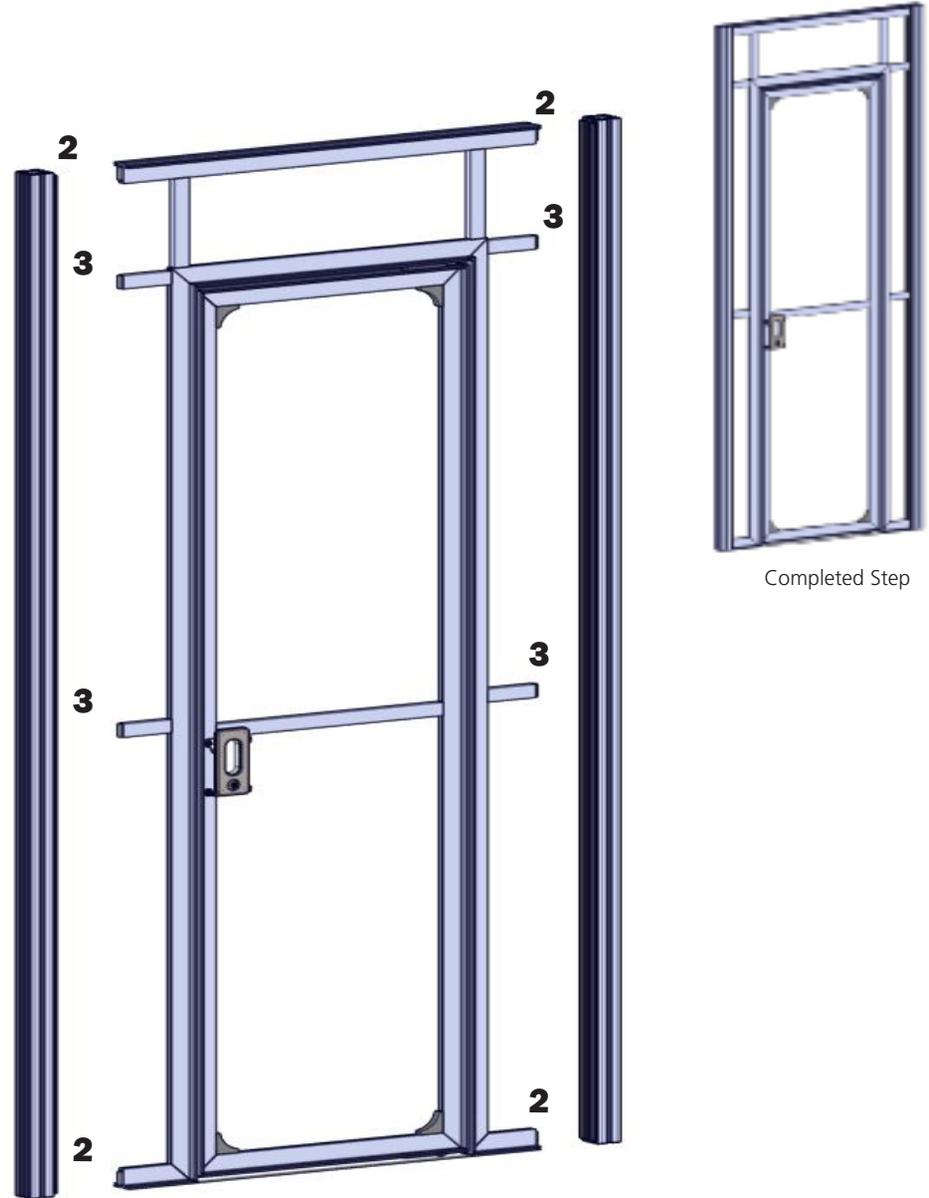

For this step you will need:

Using the 5mm Allen-T attach the PHFC2s at the top and bottom of your door frame to two of your PM2S2s.

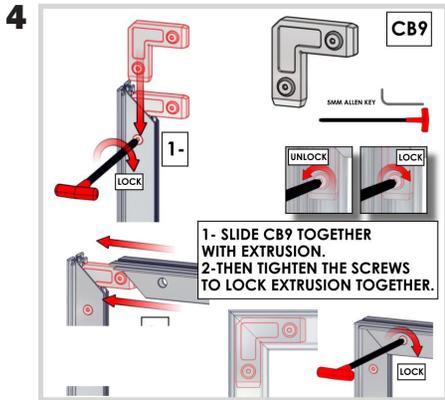

Using the 5mm Allen-T attach the PH1s on your door frame to two of your PM2S2s.

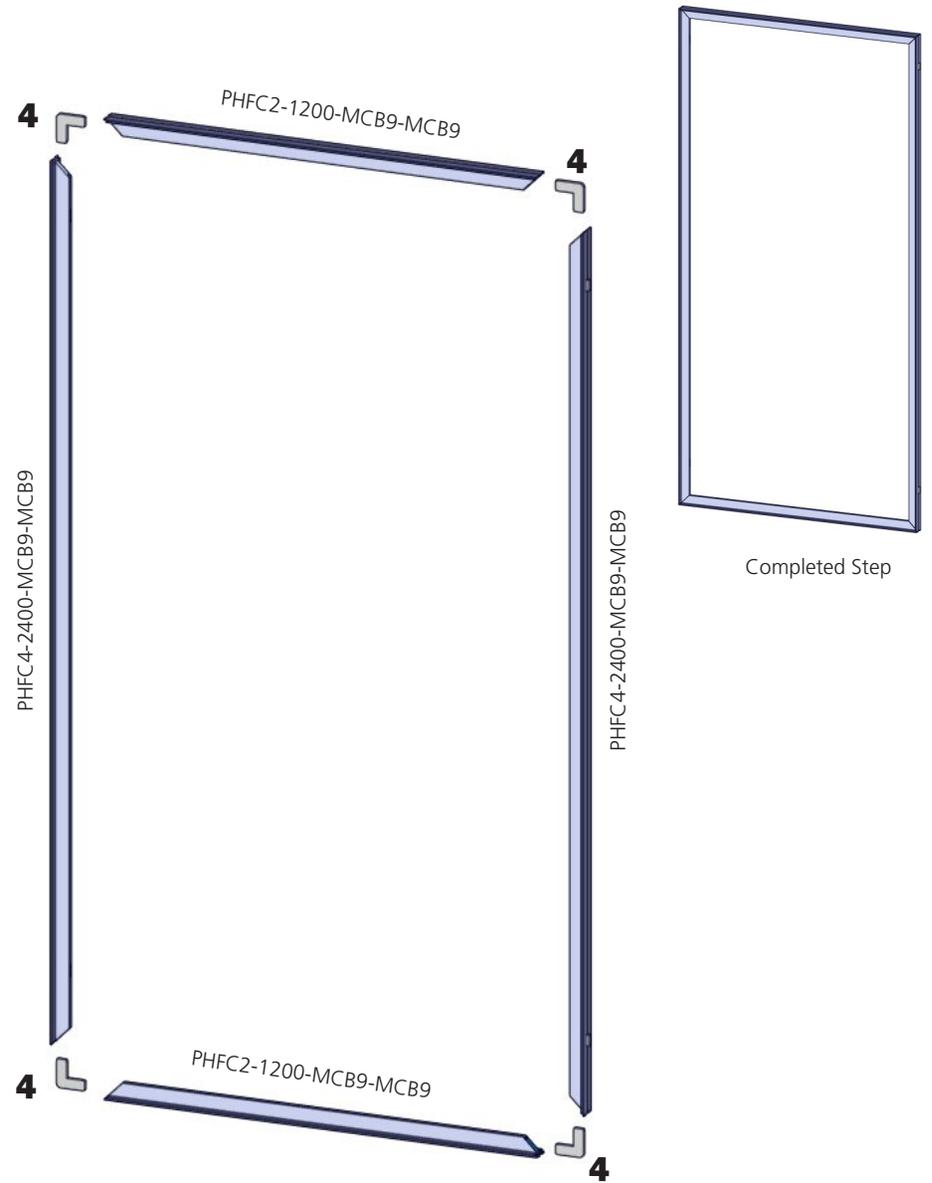

Door frame comes assembled  
\*DO NOT DISASSEMBLE\*

# Closet Assembly

For this step you will need:

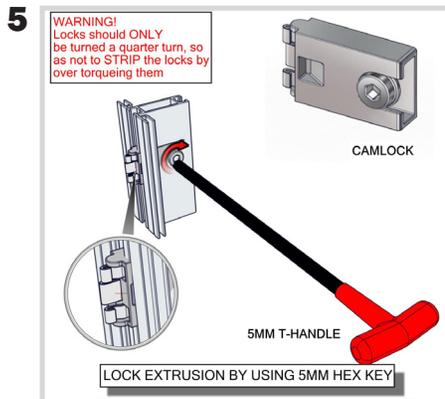

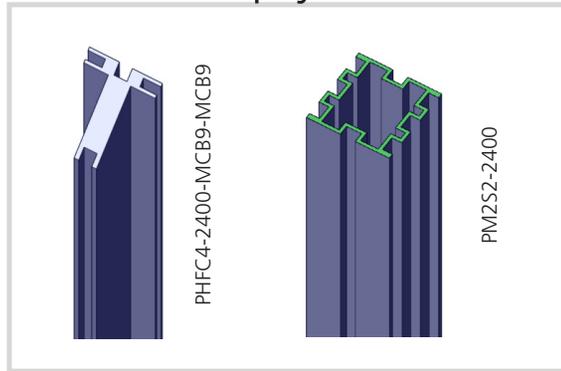

Attach the back frame of the closet together using the Allen Tool and the CB9 Connectors.

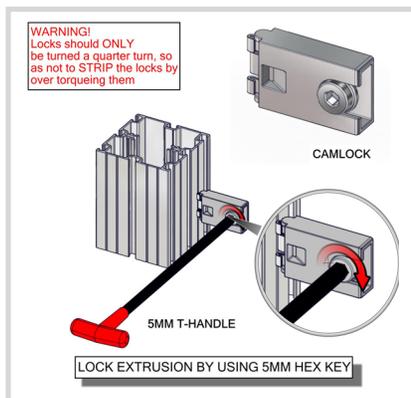

# Closet Assembly

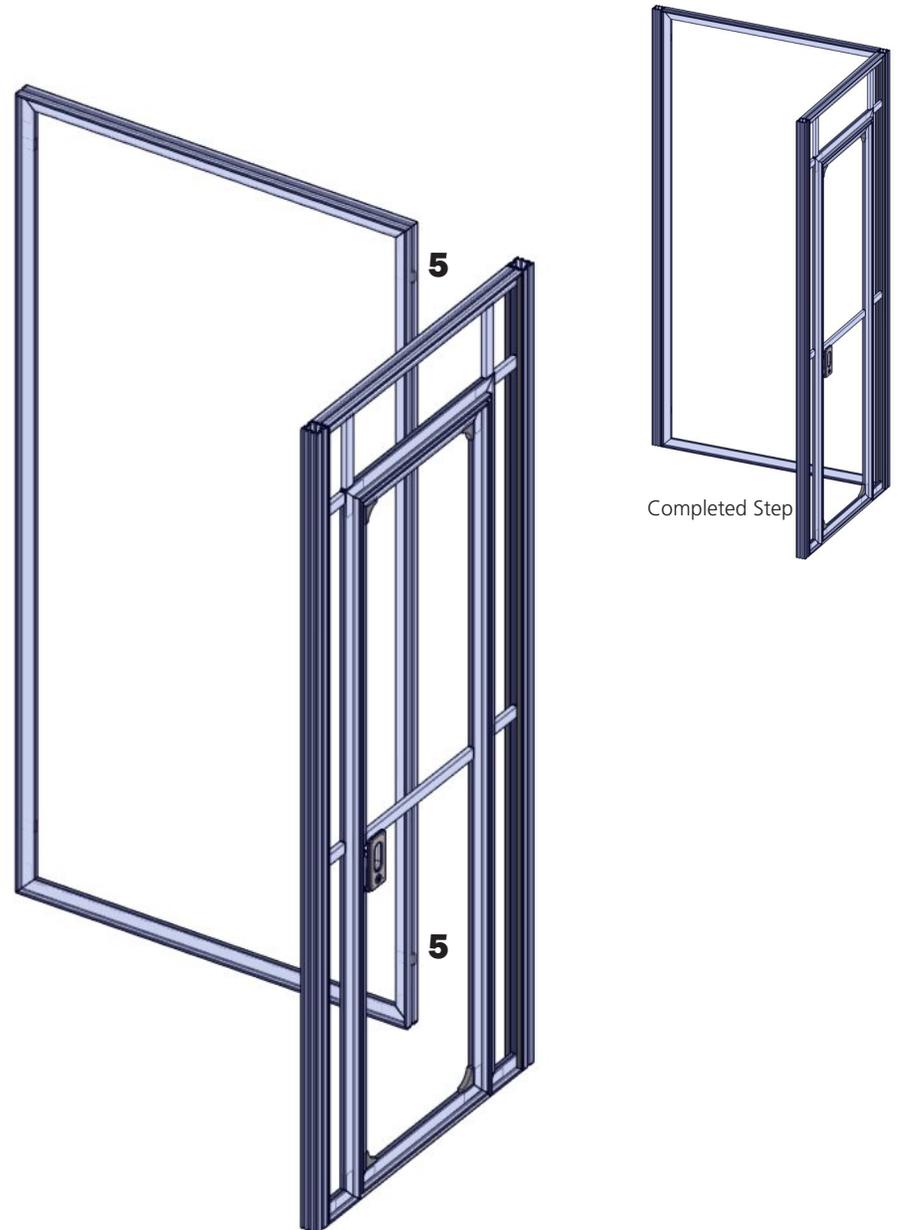

For this step you will need:

Inside the PHFC2s are cam locks.

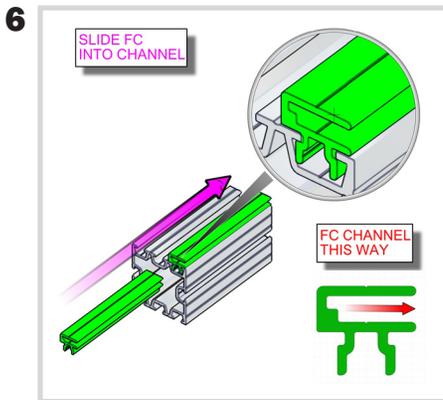

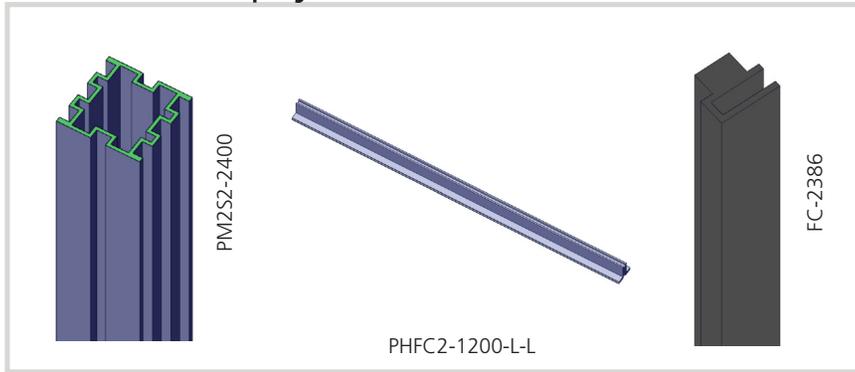

These will attach the PHFC2 to the side of the PMFC2. So you can connect your completed door frame with the back frame.

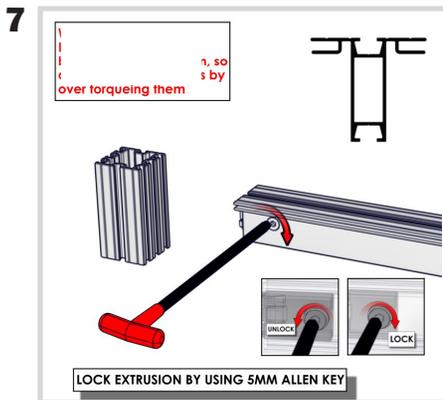

# Closet Assembly

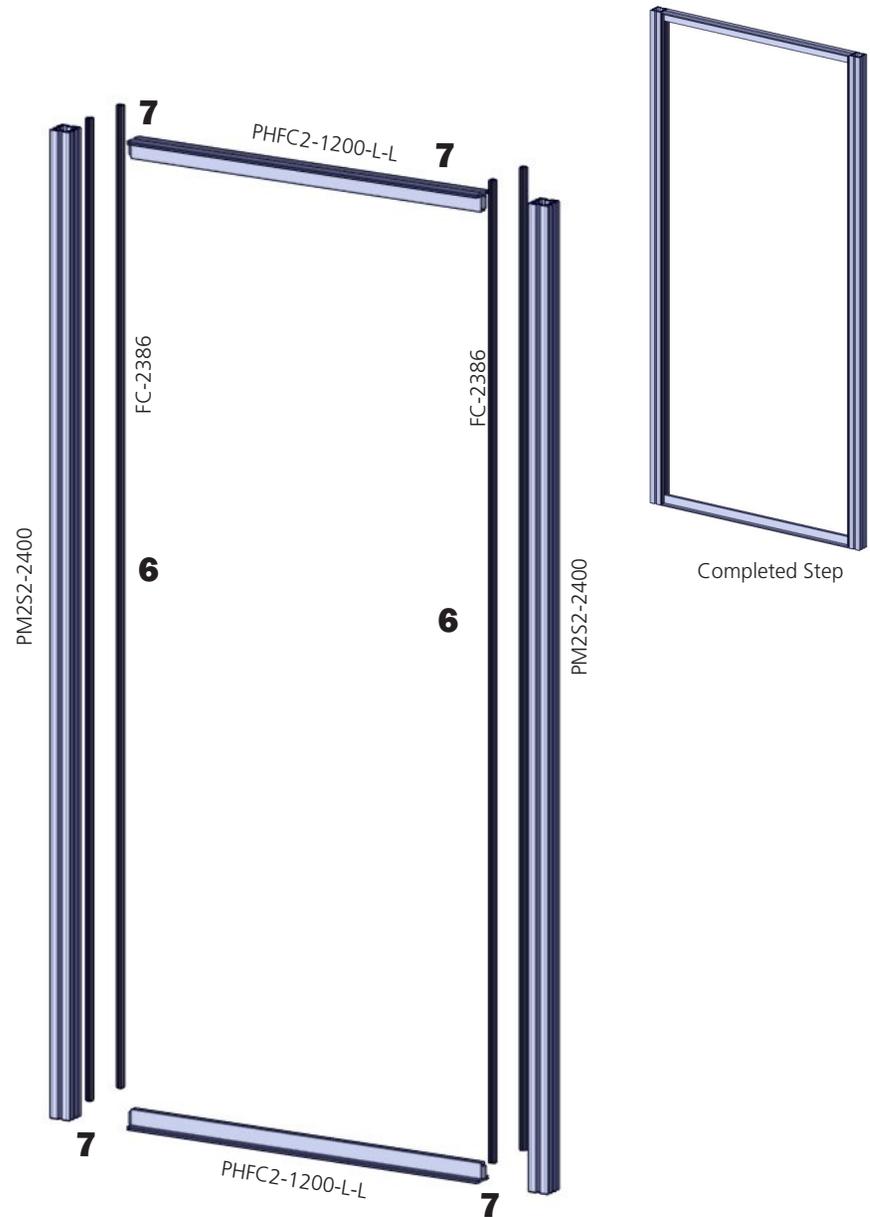

For this step you will need:

Slide FC Channels into the outside channels of the PM2S2 facing the door frame.

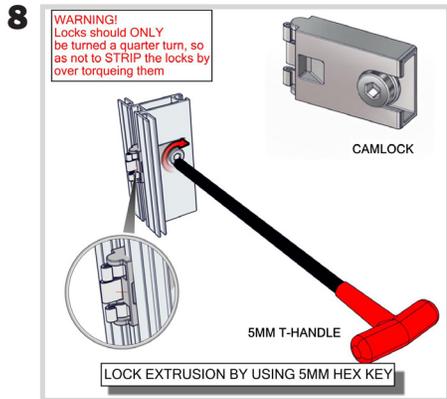

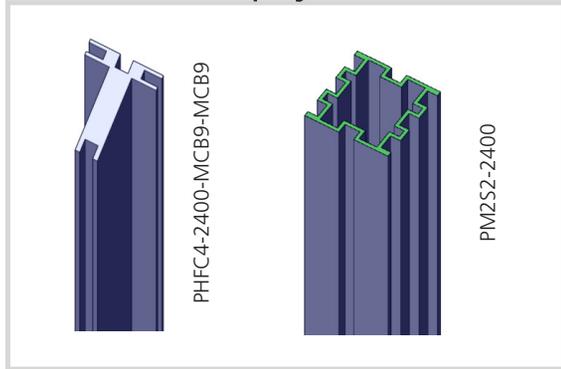

Using the 5mm Allen-T attach the PHFC2s at the top and bottom of your door frame to two of your PM2S2s.

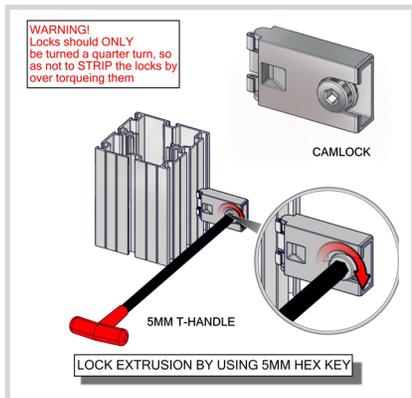

# Closet Assembly

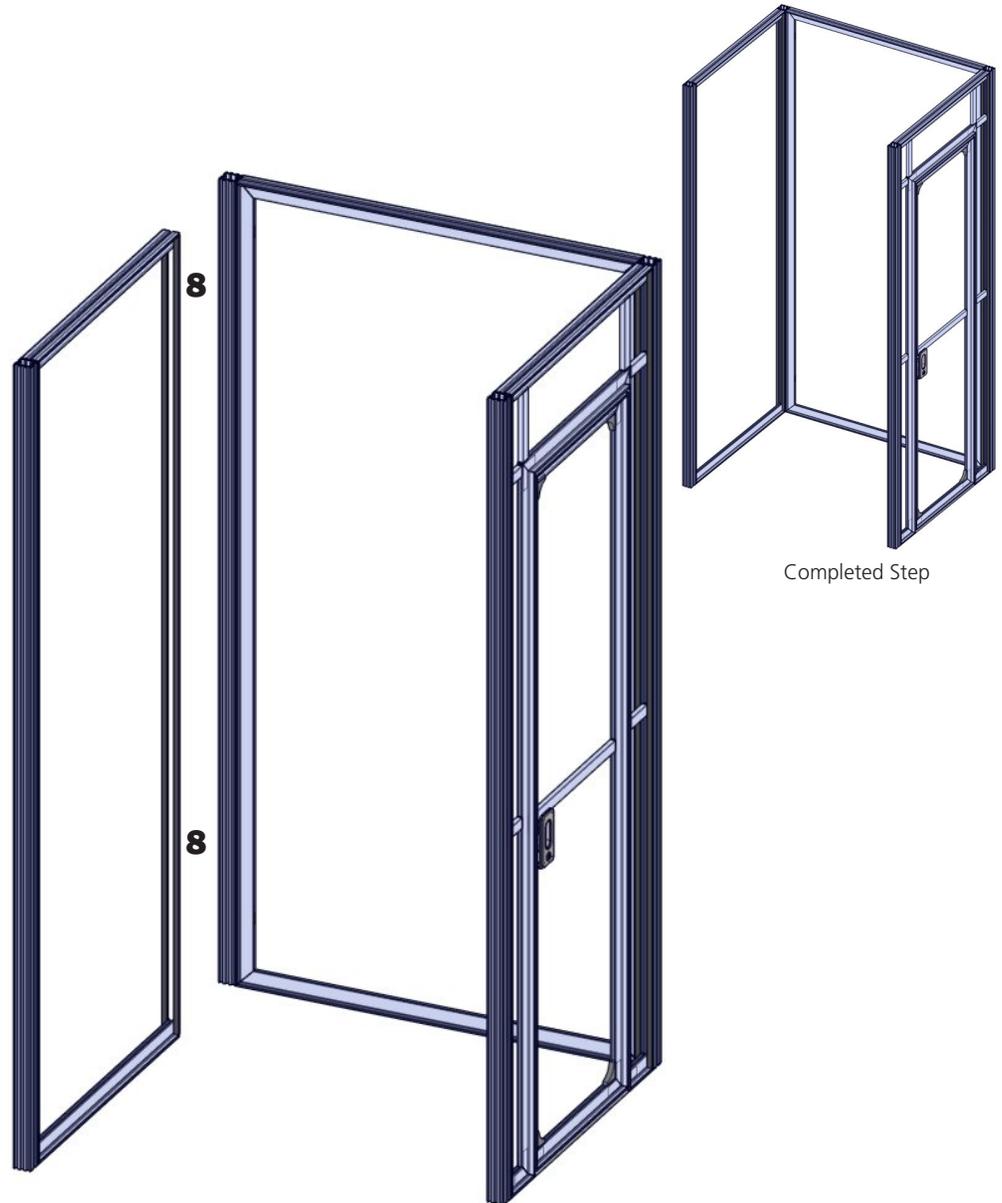

For this step you will need:

Inside the PHFC2s are cam locks.

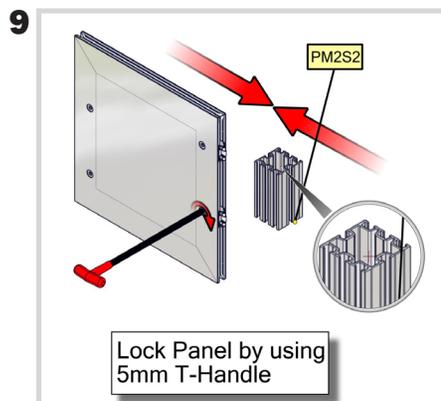

These will attach the PHFC2 to the side of the PMFC2. So you can connect your completed door frame with the back frame.

# Closet Assembly

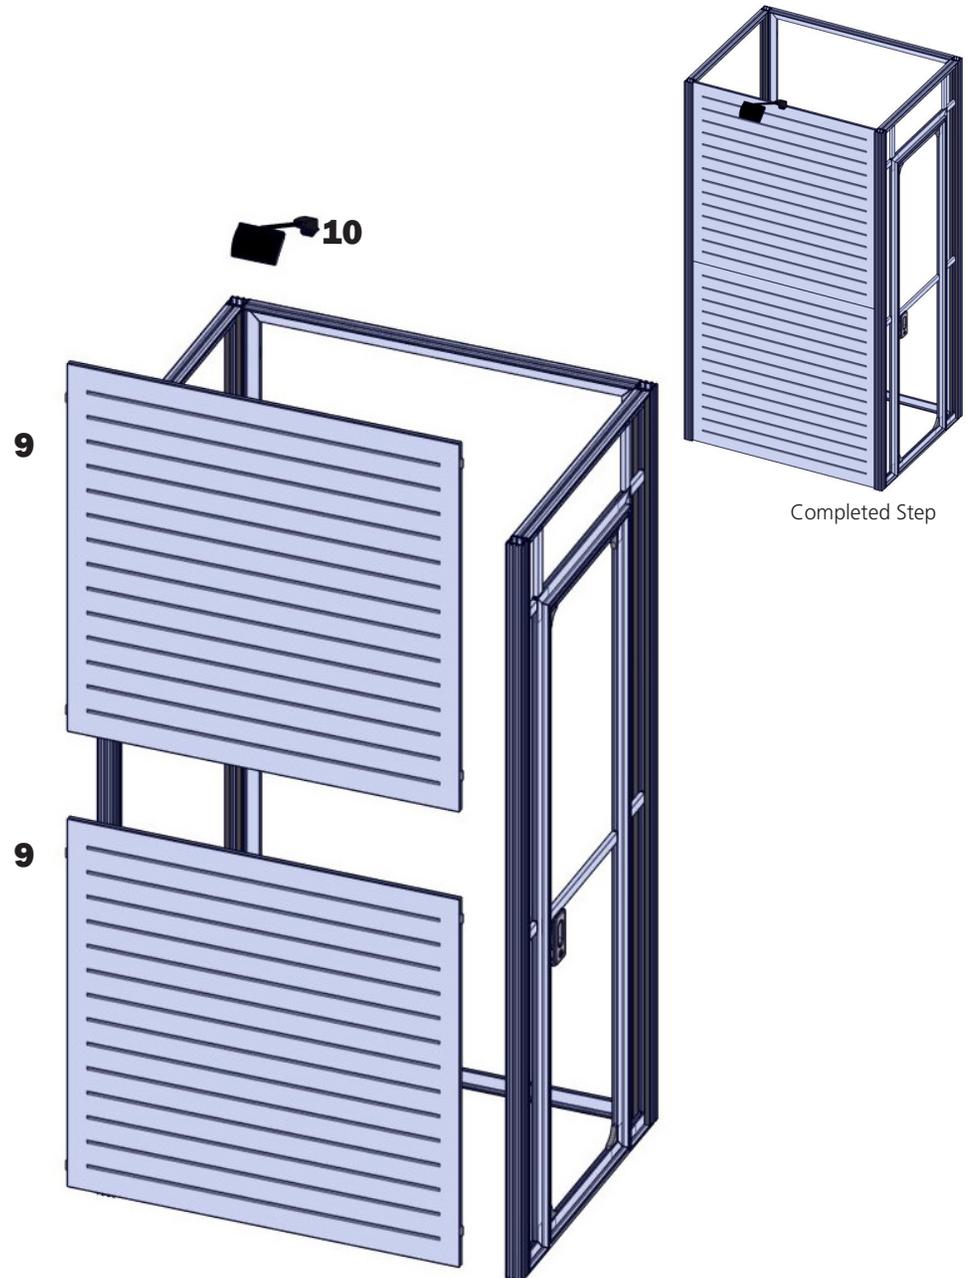

For this step you will need:

Slide the lock panels into the PM2S2 then using the Allen-T lock the panels into place.

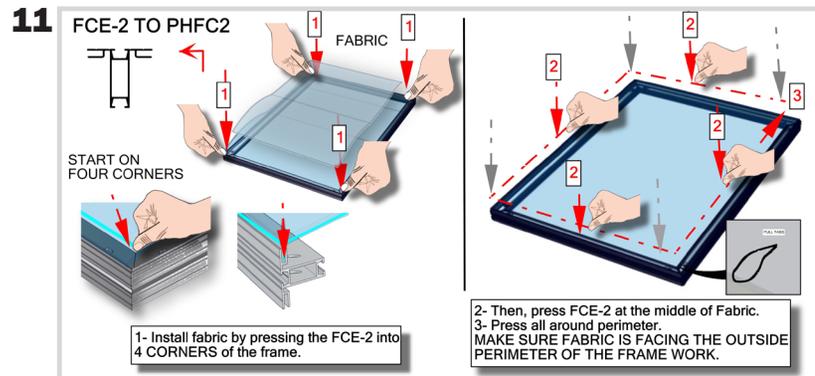

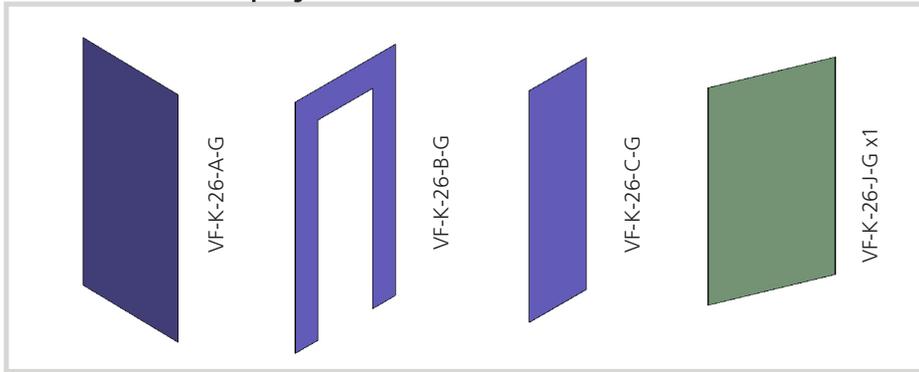

Using the bottom clip attached to the light slip the plastic bottom into the channel on top of the lock panel.

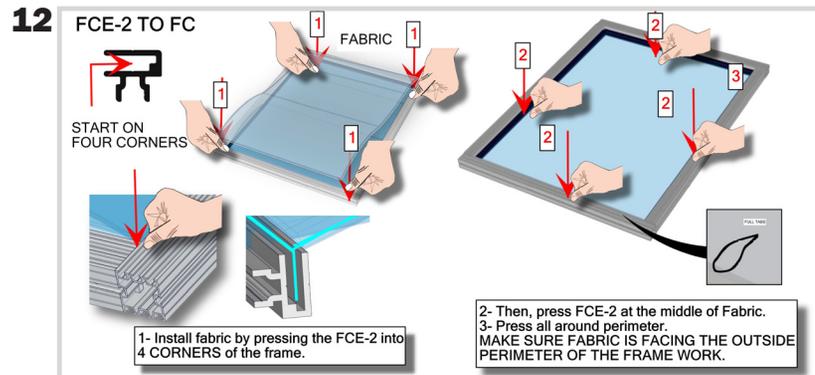

# Graphic and Back Liner Application

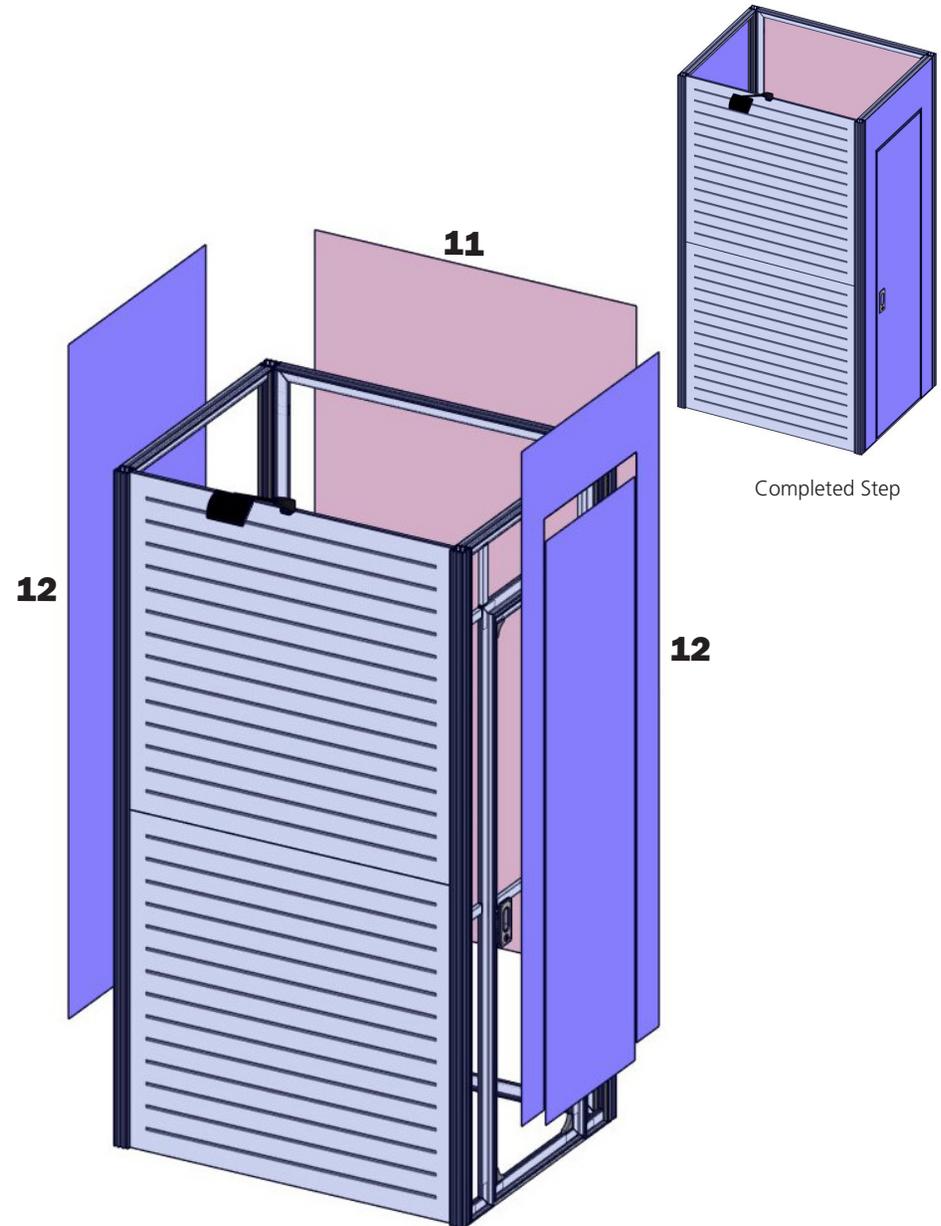

For this step you will need:

Place the FCE-2 part of the graphic into the outer channels of the PHFC2.

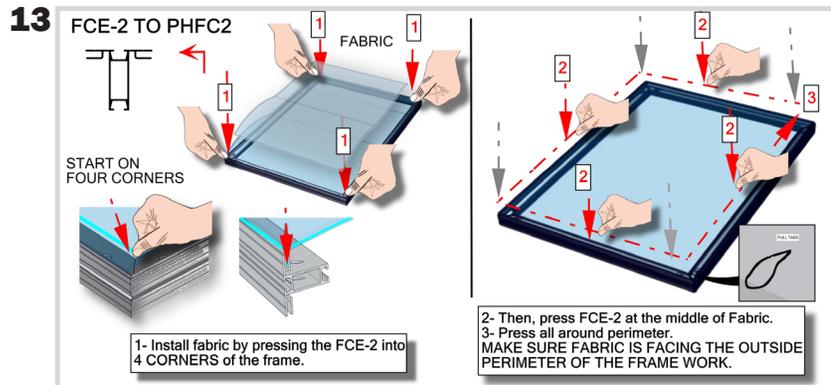

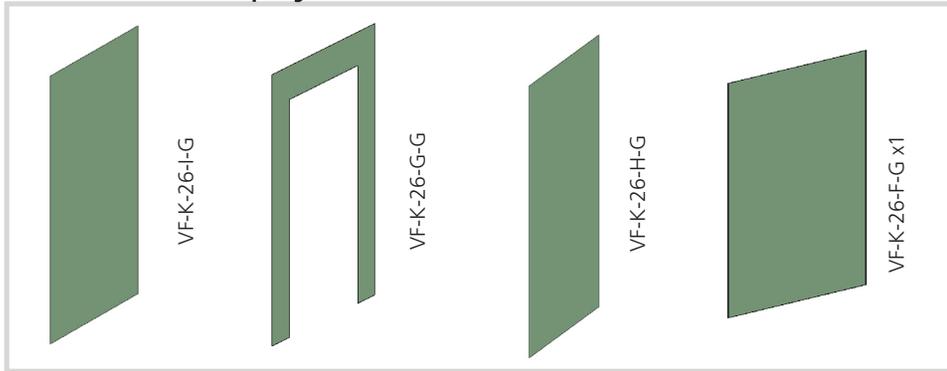

Place the FCE-2 part of the graphics into the FC channel that's attached to the PM2S2 extrusions.

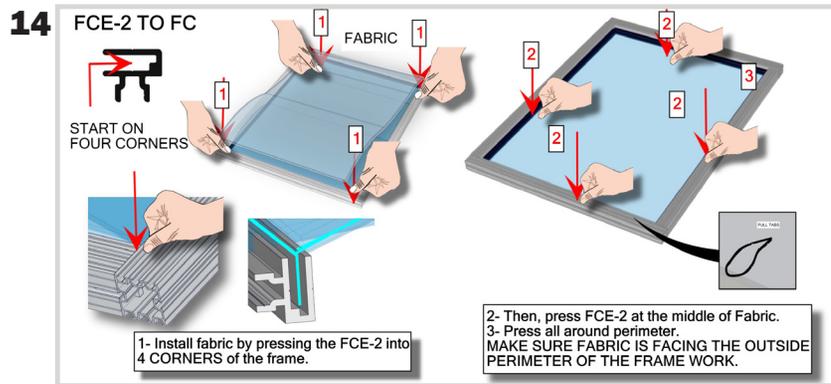

# Liner Application

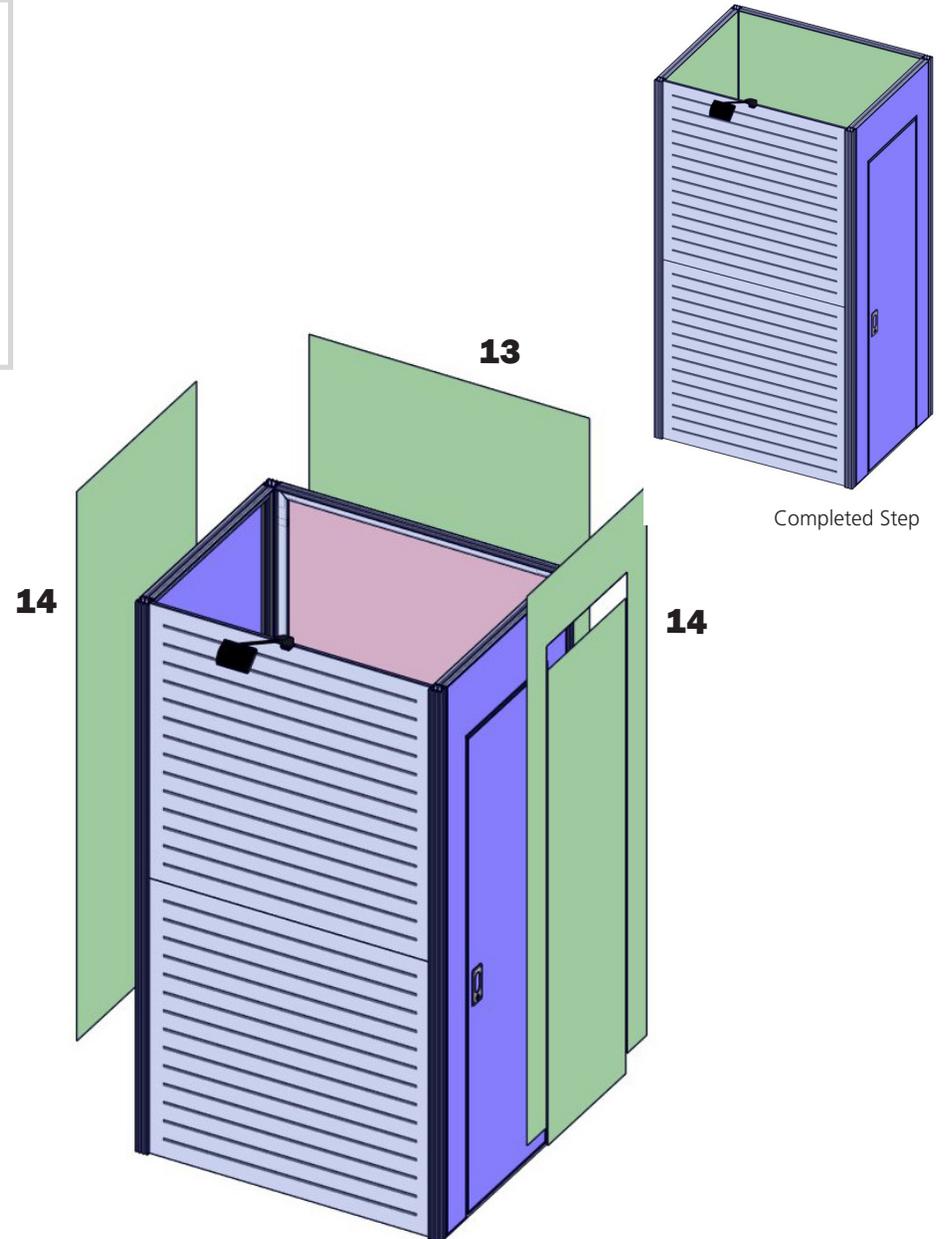

For this step you will need:

Place the FCE-2 part of the liner into the outer channels of the PHFC2.

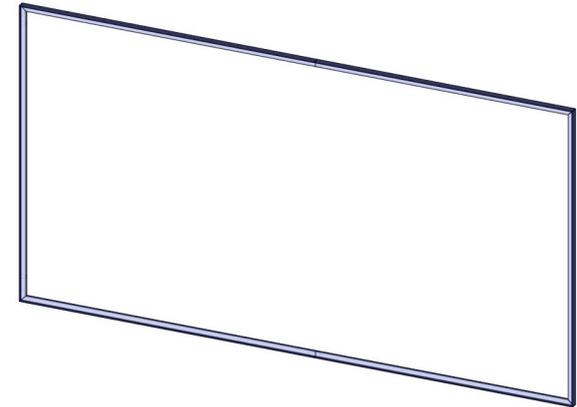

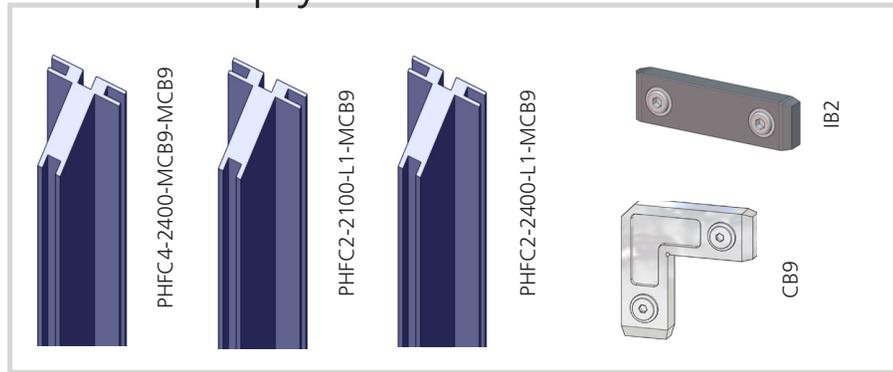

Place the FCE-2 part of the liner into the FC channel that's attached to the PM252 extrusions.

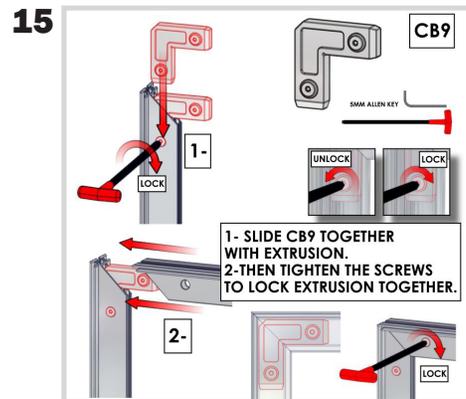

# Backwall Assembly

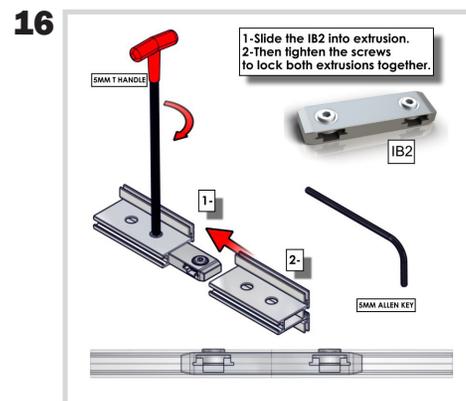

For this step you will need:

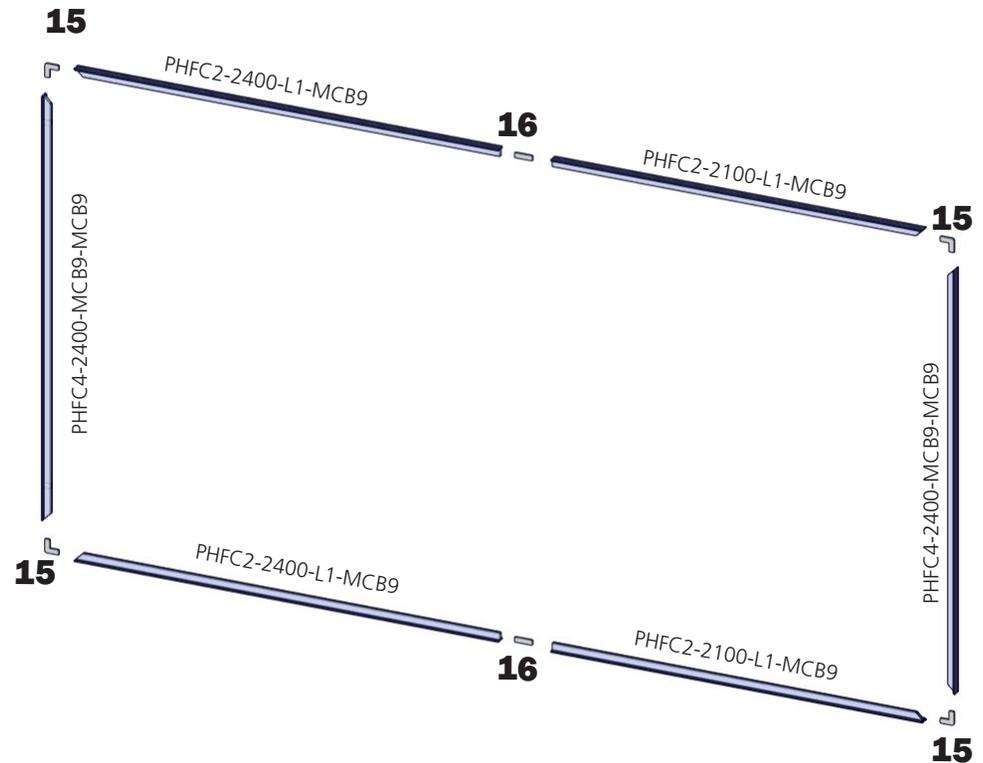

Completed Step

Attach the backwall together using the Allen Tool and the CB9 Connectors.

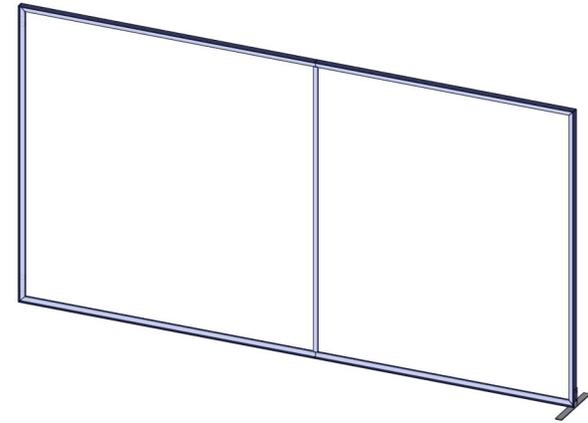

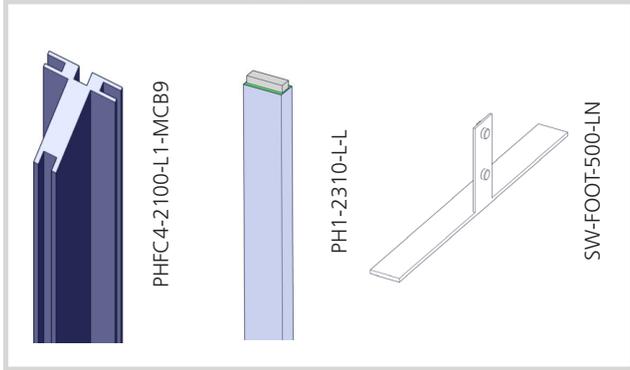

Attach the backwall together using the Allen Tool and the IB2 Connectors.

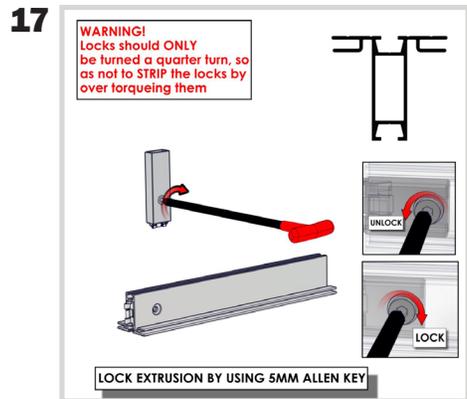

# Backwall Assembly

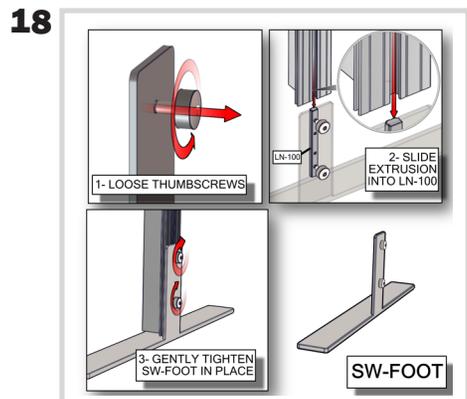

For this step you will need:

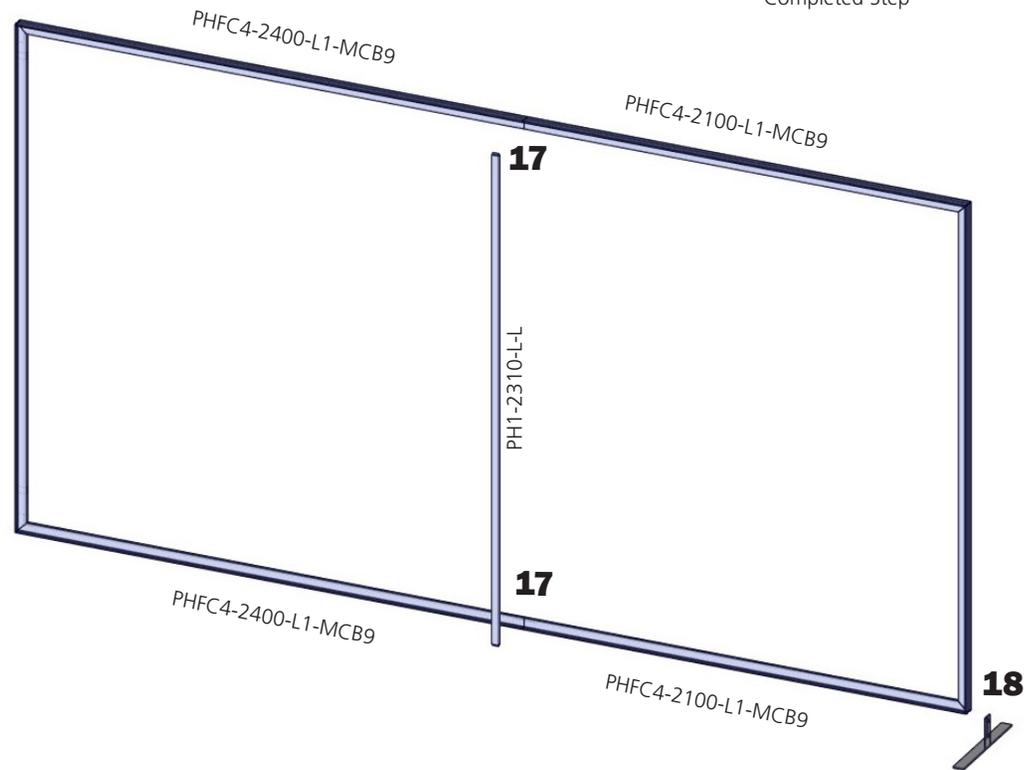

Completed Step

Attach the backwall together using the Allen Tool and the CB9 Connectors.

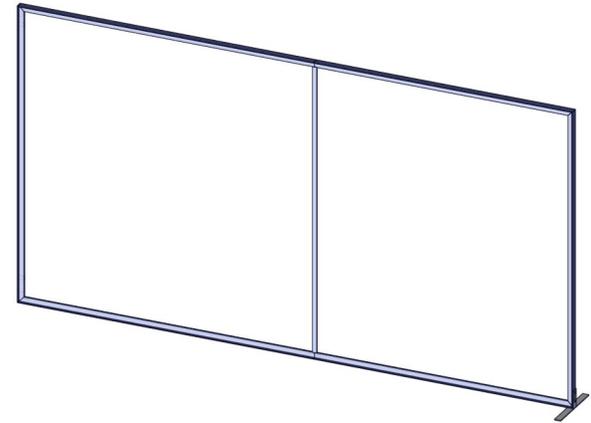

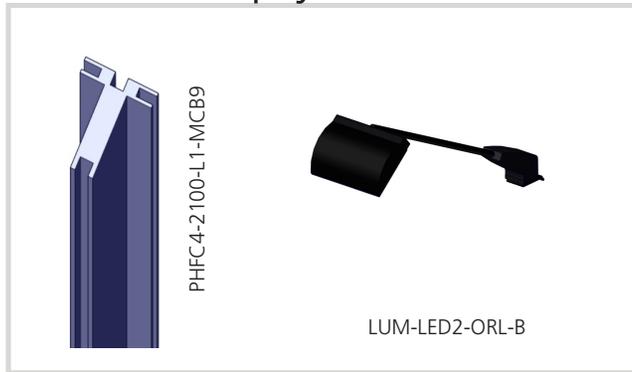

Slide the baseplate on the side of the extrusion in the channel then screw in place with the thumbscrew.

# Backwall Assembly

For this step you will need:

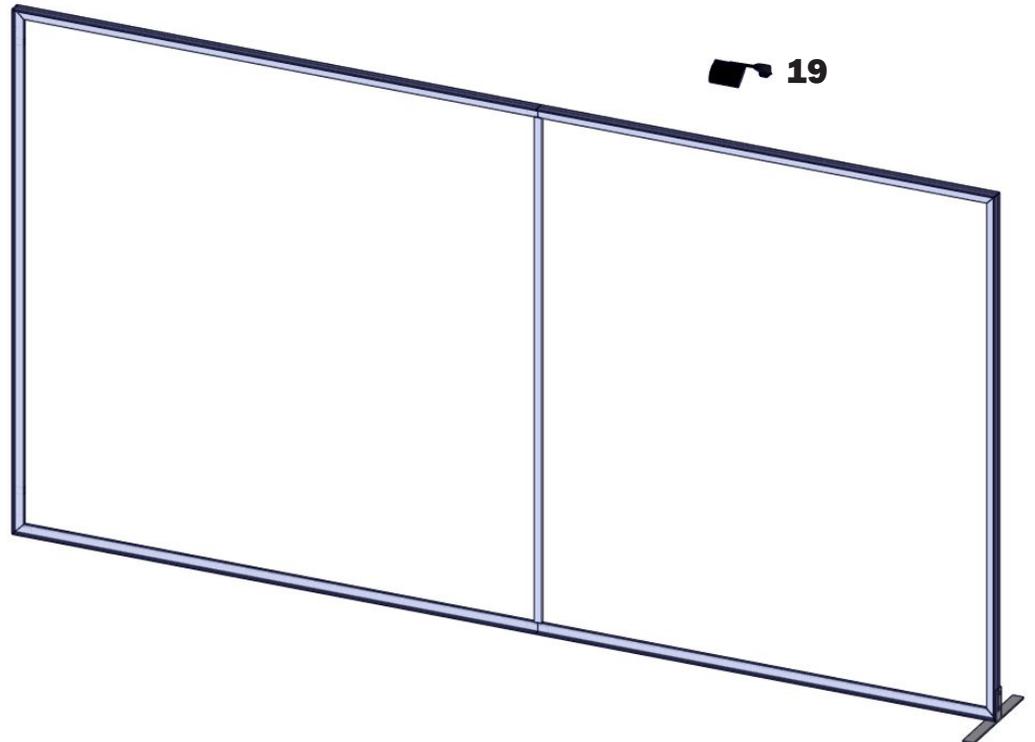

Completed Step

19

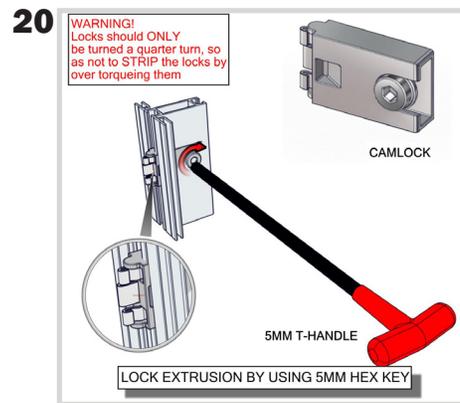

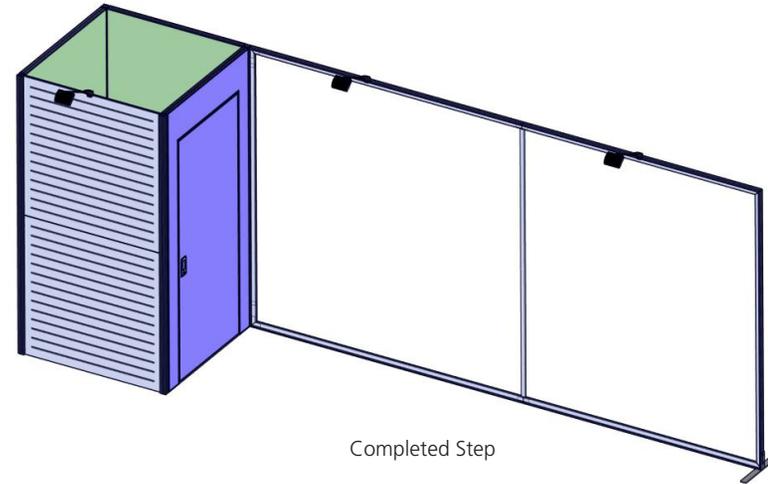

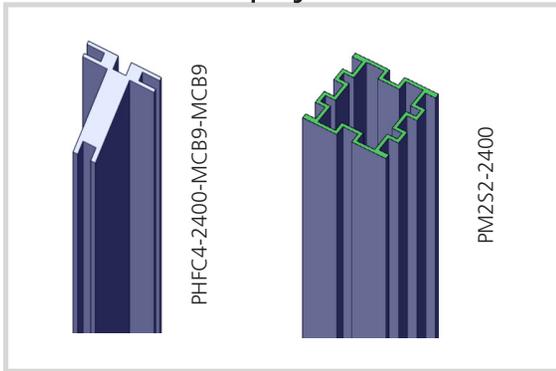

Using the bottom clip attached to the light slip the plastic bottom into the channel on top of the PHFC2.

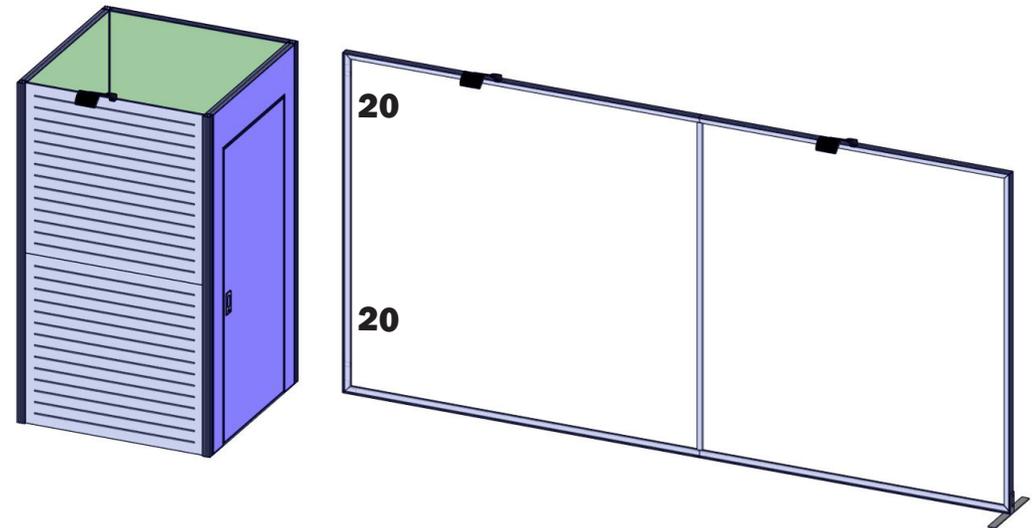

# Closet and Backwall Assembly

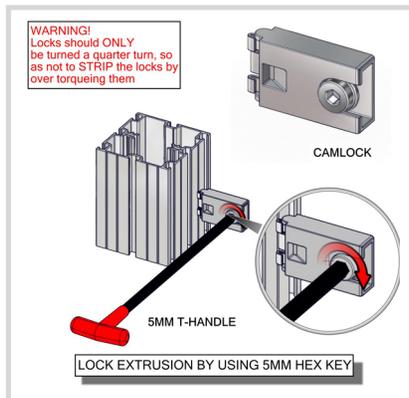

For this step you will need:

Inside the PHFC2s are cam locks.

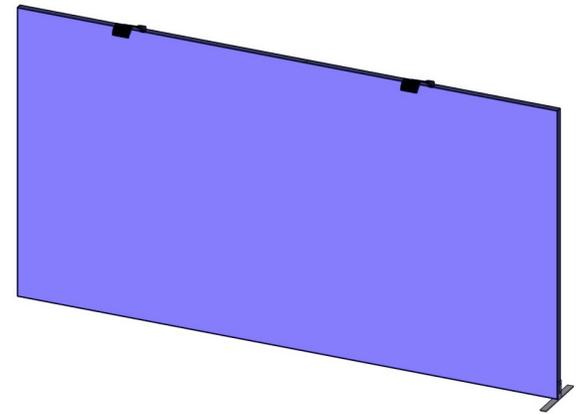

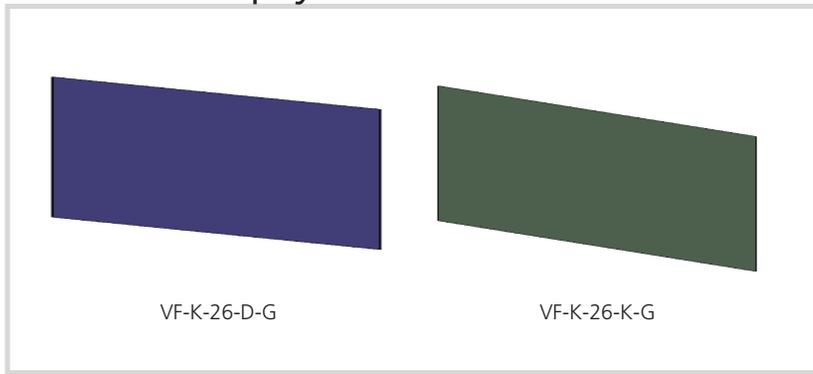

These will attach the PHFC2 to the side of the PMFC2. So you can connect your closet and backwall.

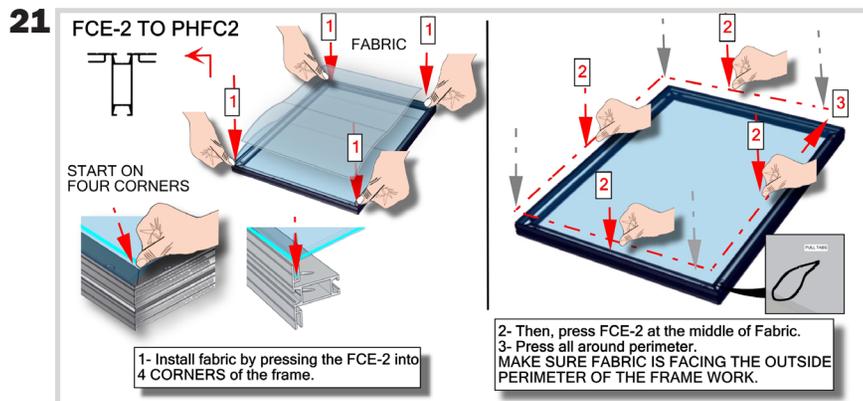

# Backwall Graphic Application

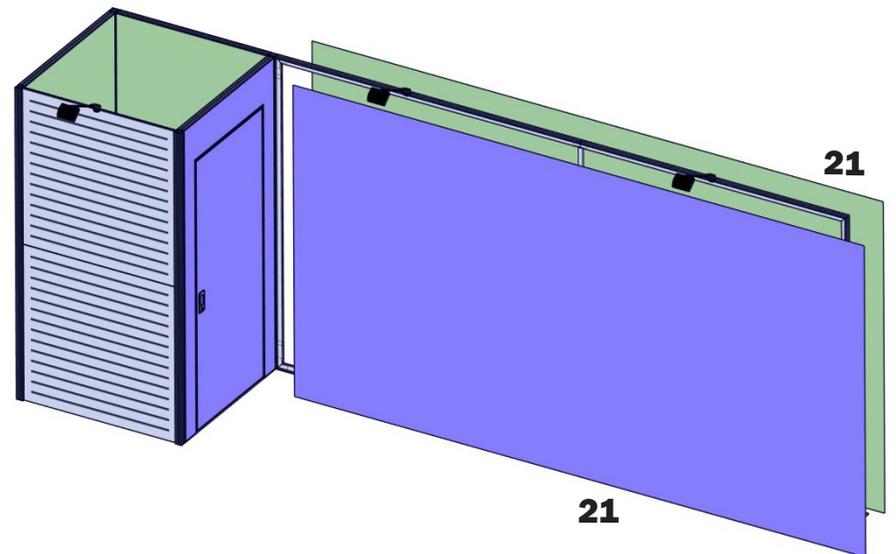

For this step you will need:

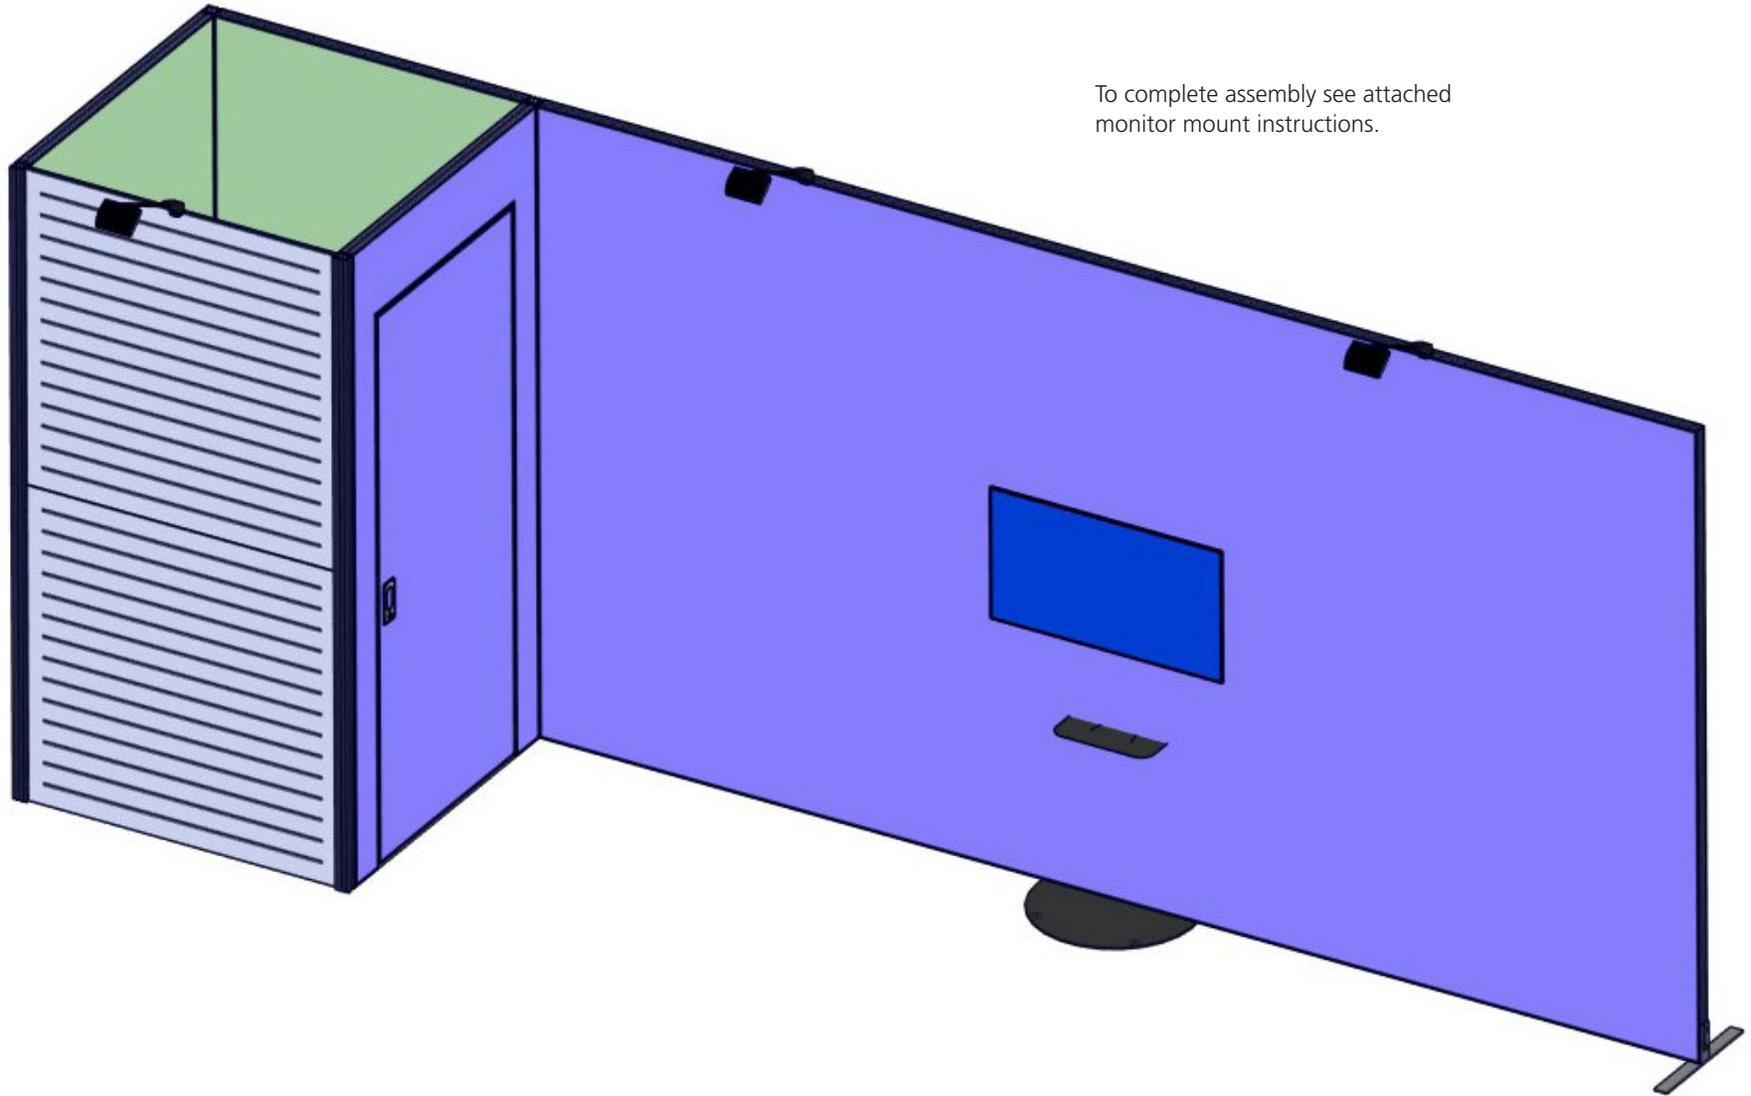

Completed Step

Place the FCE-2 part of the graphic and liner into the outer channels of the PHFC2.

# Completing your Kit

To complete assembly see attached monitor mount instructions.
